Discuss 2021-22 Strategic Initiatives Draft

BACKGROUND INFORMATION:

On March 22, 2021, Council accepted receipt of the March 6, 2021 Strategic Planning Report. Included within the report was a list of proposed Council Initiatives for the next two year period. The purpose of this agenda item is to review the drafted Initiatives to consider any alterations that might receive a consensus of Council.

Enclosed please find the document that had been included within the March 6 agenda to provide background, opportunities and staff priorities for each initiative area from 2019. This document has been altered in order to include the Planning Report proposed Initiatives created after the March 6 meeting. Staff had initially proposed splitting out the 2019 Inclusivity and Diversity Initiative and the Facilities and Infrastructure Initiative however Council discussion did not appear to support this. Hence, this document has again consolidated each of these initiative areas (but we have not yet combined all of the background narrative in case Council sees this differently).

Please note that we have also re-ordered the document somewhat, given Council emphasis on Diversity and Inclusion. While it has not been the practice to prioritize Initiatives and that is not recommended here, it seems appropriate to order the document as presented here.

FISCAL IMPACT:
