Council Rules and Code of Ethics

BACKGROUND INFORMATION:

Section 3.03 of the City Charter requires the Council to adopt Rules of Procedure and Quorum and Section 3.12 of the City Charter requires the Council to adopt a Code of Ethics.

The Council had considered adoption of the Rules and Code of Ethics earlier in 2021, but there were pending changes to the Charter that would impact the Rules.

The Charter amendments that impacted the rules have recently become effective. Therefore it is appropriate for Council to now adopt the Rules and Code of Ethics.
