## Call for Art

- Modeled after the “Art on Loan” program that you can find in cities such as Eau Claire, Red Wing, Mankato, and Eagan.
- Invites artists to submit sculptures for consideration of display and possible purchase.
- Four sculptures will be selected for display and one for purchase based on a community vote.
- Timeline would allow for review and recommendation from the Park & Recreation Advisory Committee. Recommendations will then be presented to Council.
- Priority given to submissions from West St. Paul followed by submissions from within Dakota County.
- Selected artists would be paid an honorarium of \$300 and the community vote winner would be paid up to \$6,000 minus the honorarium.
- Sculptures would be on display in community spaces the week of EWSPD. Then brought to Harmon for the Art, Culture, and Environmental Fair.
- Community vote sculpture winner will be worked into the Marthaler Park reconstruction.
