

To perform sewer repair work in West St. Paul, ALL plumbing and pipe-laying contractors are required to obtain a sewer permit prior to the start of work.

The contractor you choose must have either:

- A Minnesota Master Plumber License and a \$25,000 state bond from the Department of Labor and Industry, or
- A "Pipe-Layers Card" which has been approved by the Commissioner of the Department of Labor and Industry, an original plumbing contractor code compliance bond and a SSTS business license surety bond
- Additionally, all contractors must provide a Certificate of Insurance showing evidence of liability insurance and worker compensation coverage.

Sewer Repair Contractors

The City of West St. Paul does not recommend one contractor or repair method over any other, this information is being provided as a service to you. This list is subject to change.

It's always a good idea to get at least two competing bids. Make sure each bid falls within the same parameters so you can get accurate comparisons, and review them closely to take note of the breakdown of costs for materials, labor, and other expenses. If a bid looks too good to be true, it probably is.
